

Shape Name

[Sevres Shape](#)

Potter Name

[Clementson, Joseph](#)

Photo Type

Item - Photo

Item

Ewer

Notes

The impressed mark on the bottom of this ewer reads, "J. Clementson Ironstone China Serves Shape." It is believed that Serves Shape is a misspelling of Sevres Shape. The Tea Leaf Club International Online Guide shows tea leaf examples of this shape and they refer to the shape as "Round Scallop."
